SUMMARY

B.Tech Computer Science(AI&ML) student with a strong foundation in Data Structures, Algorithms, and programming languages including C and Java. Knowledge of Operating Systems, Digital Systems, and basic system programming concepts. Passionate about Artificial Intelligence and Machine Learning with strong problem-solving and analytical skills. Looking for internship or entry-level opportunities to apply programming, algorithmic thinking, and software development skills in real-world projects.

EDUCATION

B.tech in CSE (AI & ML) , Galgotias University	CGPA: 8.9 Sep 2024 - Jul 2028
Lions School , Mirzapur, Class XII(CBSE)	Percentage: 80.8 % May 2024
Lions School , Class X(CBSE)	Percentage: 82.6 % Jul 2022

Technical Skills

- **Programming Languages:** C, Java, Python (Basics)
- **Web Development:** HTML, CSS
- **Databases:** MySQL, DBMS Concepts
- **Tools & Frameworks:** Git & GitHub , VS Code

Soft Skills: Teamwork, Communication, Problem-Solving, Leadership

PROJECTS

Library Management System | Java , MySQL | May 2025 – June 2025

- Created and implemented the MySQL database schema for managing books, users, and transactions.
- Implemented CRUD operations and database queries to efficiently store and retrieve library data.
- Integrated the MySQL database with Java application for efficient data handling.

Project Management Time Tracker | Java, MySQL | Nov 2025- Jan 2026

- Developed a Java-based application to track time spent on different projects and tasks.
- Applied database integration using MySQL to store project details and time logs.
- Styled features to record work sessions and generate productivity insights.
- Performed CRUD operations for efficient management of project and task data.

CERTIFICATIONS

- HCL GUVI Certificate – Java Programming
- HCL GUVI Certificate – Data Structures and Algorithms Using C
- Database Programming with SQL– Oracle Academy
- NPTEL-Design Thinking

ACHIEVEMENTS

- Developed multiple software projects using Java, MySQL, and Web Technologies.
- Solved 100+ DSA and DBMS problems on various coding platforms.
